

THE FORENSIC MENTAL HEALTH ASSOCIATION OF CALIFORNIA Presents

UNDERSTANDING TRAUMA: FORENSIC AND MILITARY CULTURAL ASPECTS OF PTSD AND EFFECTIVE SOLUTIONS

Featuring

RYAN SANFT, LCSW & NANCY FARRELL, PSYD
October 7, 2015

SCHEDULE

8:00 – 8:45 am	REGISTRATION & BREAKFAST
8:45 - 12:00 noon	PROGRAM
12:00 - 1:00 pm	BOX LUNCH
1:00 – 4:30 pm	PROGRAM & QUESTIONS

PROGRAM

This one day program will help you navigate problematic client behaviors within forensic and military populations and advance your knowledge of effective evidence-based practices to treat adult clients with PTSD and their families. This seminar includes a firsthand look at how Post Trauma Growth and client based resiliency has a dramatic impact on changing recidivism rates to provident living within local communities.

REMINDERS

- For CE credit, make sure you have signed in.
- Pick up your Certificate of Attendance at the end of the day.
- Don't forget to fill out the Evaluation Form.

CONTINUING EDUCATION: FMHAC is approved by the California Psychological Association to provide continuing professional education for psychologists, #FOR005. ABOUT THE PRESENTERS

Ryan Sanft, LCSW, CDVI

Mr. Sanft is CEO and Founder of Impression Healthcare Services, Inc. a community based forensic mental health facility. For over 6 years Mr. Sanft's organization has been a community partner vendor contracting with local municipalities, including San Bernardino Departments of Mental Health, Children and Family Services, Juvenile Probation and Adult Probation, and the California Board of Registered Nursing. He also holds federal forensic mental health contracts with, The United States Pretrial Services, and United States Probation Department. Through his organization Mr. Sanft has been called upon in cin key cases involving PTSD expertise. He also carries an active caseload rendering clinical assessments, psychological evaluations, and individual and group therapeutic treatment modalities. Concurrently, Mr. Sanft has also been a Federal Employee at the Loma Linda VA Medical Center since 1999 working as Post Traumatic Stress Disorder Clinical Team Coordinator and Team Lead. He is currently a PTSD subject matter expert and local consultant for evidence based best practices for PTSD.

Nancy Farrell, PsyD, DrPH, BCB

Dr. Farrell has worked for the Loma Linda VA for 6 years. She graduated from Loma Linda University in 1995 with a dual degree in psychology and public health. Recently Dr. Farrell accepted a new position as Couple's Psychologist in Behavioral Medicine. Previous work includes Health Promotion and Disease Prevention Program Manager. This entailed developing and implementing strategies to assess, coordinate, and improve preventive care health services for veterans and their families. Other professional activities include staff training for Motivational Interviewing, clinician coaching, community outreach and participation in the psychology training committee. Dr. Farrell is certified in biofeedback. Additionally she provides services for veterans and their families for PTSD, eating disorders and a variety of other mental health conditions. Her passions are working with veterans with their partners and families and community outreach to connect communities with veterans and VA services.
